Dear Future Patient,

We would like to take this opportunity to welcome you to our practice. We are a group of cardiologists that work together for our patient's interest. If your doctor is not available for any of your needs, we will have one of our partners help you in your request.

In an effort to make your appointment with us as smooth and efficient as possible, we have enclosed your paperwork that you will need to complete and have with you at the time of your appointment.

The following is a list of information that we would need for you to bring with you at the time of your visit.

List of all medications/supplements, Insurance card(s), ID, co-pay and if your insurance requires a referral, please be sure to contact your Primary Care Physician's office as soon as possible to have them process your request.

Any previous cardiac records and testing (EKG, stress test, carotid ultrasound, echocardiogram, chest xray, labs and any recent hospital records)

****Please be advised that the medical records are required for your visit****

Please arrive 20 minutes prior to your scheduled appointment time and please allow yourself adequate time for parking since there is limited space. Should you have any questions, please call our office and our staff will be happy to assist you. Please be advised there is a \$125.00 charge for a missed appointment or canceling without a 24 hour notice.

Sincerely,
Palm Beach Cardiology
